

**Performance Packaging Group** is your best solution for assembly, kit packaging and fulfillment services. Our mission is predicated on building a workforce tailored to your business needs that will produce hand assembled products and services. Our team of experienced, professional assembly technicians is committed to exceeding your production expectations. Performance Packaging Group is highly regarded by major corporations as the service experts that can complete any job using the shortest lead times and the quickest turnaround times in the industry.

Our commitment to providing superior service is just one aspect of our business. Performance Packaging Group's assembly division is equipped with automated packaging equipment for large volume jobs when your work requires some automation assembly. Our management team supervises each job. This attention to detail sets us apart from our competitors. As your product enters its final stage before shipment, our quality control specialist performs a quality check ensuring your job surpasses our expectations.

Finally, we are a One-Stop-Shop. Performance Packaging Group has teamed up with Velocity Packaging to offer our customers better than market prices for packaging materials and supplies. This collaboration allows Performance Packaging Group to provide you the best pricing for all of your assembly and kit packaging needs.

Performance Packaging Group is your solution for meeting fulfillment and production goals. Our expedient approach to production and quality services makes us your best choice for the job. Moreover, Performance Packaging Group can perform these services at very competitive prices.

Customer satisfaction is our number one priority!
